Are you losing thousands in potential revenue?

Successful business owners know that healthy, inspired employees produce fresh, innovative and relevant results. Providing a platform that inspires purpose & creativity in your people is sure to dramatically improve morale and skyrocket the value of your business.

Dr. Mark Svetcos is the CEO of Responsible Life, Inc., a company dedicated to inspiring and educating Americans to become self-reliant, powerfully productive and purpose-driven. He has been the owner and director of multiple million-dollar medical clinics in Colorado and Washington, having personally seen over 85,000 patient visits. He is also the founder of The Responsibility Movement®, and author of the self-development book, *Compulsion* - the juicy true story of a successful doctor who lost everything due to his lack of purpose, dysfunctional ego, and emotional baggage.

Dr. Svetcos is an expert in developing and maintaining a healthy lifestyle using self-reliance, common sense and personal responsibility.

When you hear him speak, you will learn:

- How to become someone people want to do business with,
- Why individual creativity and purpose are the fuel that ignites global change,
- How to become radiantly healthy using common sense nutrition & exercise principles,
- Why personal responsibility is the key that unlocks the door to true happiness,
- The biggest secret to becoming infinitely valuable both personally and professionally.

The world is in a rapid state of change, and now is the time to create the future we desire to see. **Be the visionary that helps your people soar!**

"Great talk...excellent content!"

- Steven Hinz, OH

"I used to get caught up in spiraling thoughts that would ruin my day. With the help of Dr. Svetcos, I have learned to take control of my mind, which has significantly increased my productivity and efficiency. Because of that, I make more money than I ever have. And I love the work I used to despise!"

-Krista, IN

"Dr. Svetcos' way of thinking and methodology is nothing I've ever come across. He is truly a revolutionary. Since coaching with Dr. Svetcos, I've lost twenty pounds, and found the purpose in my life. I don't waste time, and I don't worry about things. My purpose has been awakened!"
